

COMPREHENSIVE TPN, HD / NON-HD STERILE COMPOUNDING

Services for San Joaquin General Hospital

Promoting safe, efficient, and compassionate Iv Therapy to improve patient outcomes and hospital care quality.

www.oneiroparmacy.com

WHO WE ARE

Oneiro Pharmacy is a trusted hospital partner delivering compliant, patient-specific sterile compounding solutions with a focus on safety, accuracy, and clinical excellence.

Introduction

Oneiro Pharmacy partners with healthcare facilities to provide dependable sterile compounding—from critical care to specialty therapies—focused on safety and operational excellence.

ABOUT OUR COMPOUNDING ROOMS

Our state-of-the-art compounding rooms are designed to meet USP <797> and <800> standards, ensuring a controlled, sterile environment for hazardous and non-hazardous preparations.

Designed for hospital support, our sterile environments ensure consistent, ready-to-administer medications that reduce workload and risk for inpatient care teams.

OUR TEAM

Our team at Oneiro Pharmacy is comprised of highly skilled pharmacists, registered nurses, and clinical specialists dedicated to delivering safe, accurate, and patient-centered care. With extensive experience in TPN, sterile compounding, and hospital support, we work collaboratively with healthcare teams to ensure every preparation meets the highest standards of quality, compliance, and clinical excellence.
